20 WEB DEVELOPMENT PROJECTS

- **Simple Landing Page**

- **To-Do List Application**

- **Personal Portfolio Website**

- **Contact Form**

- **Random Quote Generator**

SWIPE >>>

- ***Weather Application***

- ***Responsive Landing Page***

- ***Recipe Application***

- ***E-commerce Website***

- ***Task Management System***

- *Calculator*

- *Survey Form*

- *Currency Converter*

- *Music Player*

- *Social Networking Website*

SWIPE >>>

- *Image Gallery*
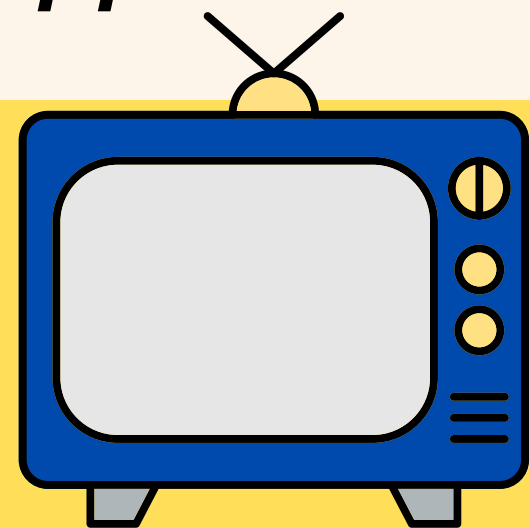

- *Chat Application*

- *News Feed Website*

- *Movie Finder and Recommender*

- *Video Conferencing Application*

# *20 Data Science Project ideas*

- **Exploratory Data Analysis of a single dataset**

- **Simple Linear Regression model**

- **K-Nearest Neighbors classifier**

- **Decision Tree Classifier**

- **Logistic Regression Model**

SWIPE >>>

- *K-Means Clustering Algorithm*

- *Naive Bayes Classifier*

- *Random Forest Classifier*

- *Gradient Boosting Machine*

- *Support Vector Machine*

SWIPE >>>

- *Deep Neural Network*

- *Convolutional Neural Network*

- *Recurrent Neural Network*
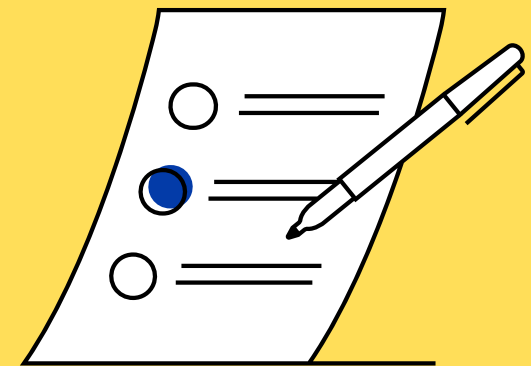

- *Transfer Learning*

- *Time Series Analysis*

SWIPE >>>

- *Sentiment Analysis*

- *Recommender System*

- *Anomaly Detection*
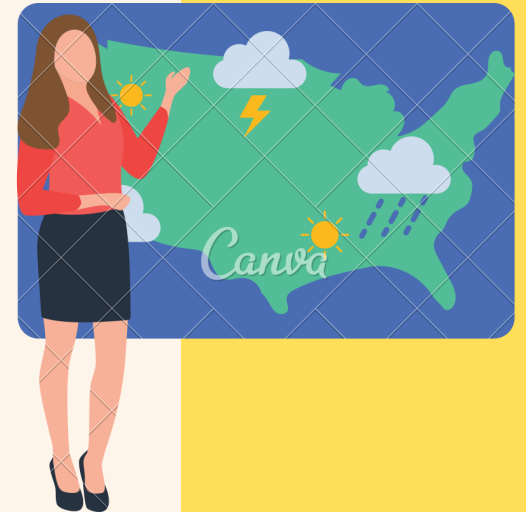

- *Text Classification*

- *Image Classification*

SWIPE >>>

10 Android / ios Projects

- **Simple To-Do List Application**

- **Weather Application**

- **Personal Finance Tracker**
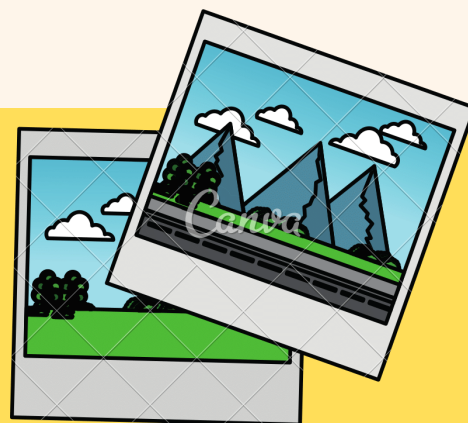

- **Recipe Book**

- **News Feed Application**

SWIPE >>>

- **Stopwatch and Timer**

- **Image Gallery**

- **Music Player**

- **Language Learning Application**

- **Fitness Tracker.**
